Ahmedabad (Gujrat), India

## Professional Summary

Angular Frontend Developer with 4+ years of experience building scalable, high-performance web applications using Angular 12–17, TypeScript, HTML, SCSS, JavaScript, REST APIs, and modern UI architecture. Experienced in delivering complex UI modules, integrating APIs, improving performance, and building reusable components.

Possess hands-on exposure to Node.js, Express, MongoDB, and fixing minor backend/API issues, currently preparing for MEAN Full-Stack Developer roles. Strong understanding of agile development, Jira workflows, debugging, code reviews, and unit testing.

## Skills

- **Frontend Technologies** : Angular 12–17, TypeScript, HTML5, SCSS/CSS3, JavaScript (ES6+), Bootstrap, EJS
- **Backend / Full Stack (MEAN)** : Node.js, Express.js, MongoDB, REST APIs, Postman, Swagger (Actively preparing for MEAN full stack roles)
- **Tools & Platforms**: Git, GitHub, Jira, UXPin, Figma, VS Code, AWS basics, Jenkins
- **Other Expertise** : UI Architecture, Reusable Components, Performance Optimization, Debugging, Unit Testing, Requirement Analysis, Agile/Scrum

## Experience

### Software Engineer – Frontend (Angular) | Pingtree LLC

Feb 2024 – Present | Product-Based Company

Tech: Angular 12–17, TypeScript, HTML, SCSS, EJS, REST APIs, Jira, Git

#### Project: Pingtree.com – Advertising Tracking Platform

- Delivered the main application and multiple sub-projects, ensuring clean architecture and high performance.
- Built modern, responsive UIs using Angular, TypeScript, HTML, SCSS, JS, and EJS.
- Integrated frontend modules with REST APIs, improving performance and user experience.
- Fixed minor backend issues, API bugs, and payload mismatches, enhancing system stability.
- Built reusable UI components and shared code libraries, reducing development time.
- Analyzed requirements through use cases and managed tasks using Jira.
- Followed the UXPin model for UI bug tracking and design handoff.
- Maintained code quality through debugging, code reviews, and unit testing before PR merges.

## **Software Engineer – Frontend (Angular) | Cipio.ai (Product Based)**

May 2023 – Oct 2023

Tech: Angular 12, Microservices, HTML, SCSS, TypeScript, AWS, UXPin, Jenkins

### **Project: CIM.Cipio.ai – UGC-Based Web App**

- Built and optimized complex user interfaces using Angular and TypeScript.
- Integrated UI with backend microservices, improving data flow efficiency.
- Developed shared UI libraries to enhance maintainability.
- Managed Jira tickets, sprint cycles, and UI bug tracking with UXPin.
- Ensured code quality via reviews, debugging, and unit testing.

## **Software Engineer – Frontend (Angular) | Centiro Solutions Pvt Ltd**

Dec 2020 – Apr 2023

Worked across multiple Angular-based projects:

### **Project: PartRunner – Delivery Management Software**

- Led UI development for core modules and implemented pixel-perfect, responsive screens using Angular, HTML, and SCSS.
- Worked with NX-based micro-frontend architecture, improving code structure and maintainability.
- Translated Figma designs into functional UI and handled API integration, error handling, and state management.
- Participated in requirement analysis, breaking down use cases into actionable UI tasks.
- Improved code quality through reusable components, code reviews, and unit testing.

### **Project: LaneAxis – Freight Management System**

- Developed key UI modules such as carrier onboarding, shipment workflow, and fleet management.
- Implemented Appcues-based onboarding flows to enhance user guidance and product adoption.
- Optimized API-driven pages by improving rendering performance and payload handling.
- Created reusable Angular components and used Reactive Forms for complex form validations.
- Performed cross-browser testing, fixed UI issues, and ensured smooth, responsive user experience.

## **Internship**

### **Angular Frontend Developer Intern | Code Better, Indore**

May 2020 – Nov 2020

## **Additional Experience**

### **Freelance Content Writer | Oct 2018 – June 2020**

Worked on technical blogs, documentation writing, and web content.

## **Education**

### **Bachelor of Science (Computer Science)**

Bhartiya Institute of Professional Studies, Ujjain (MP) | 2015–2018 | 63%

## **Language**

English, Hindi
